LIBERTY MEDIA CORPORATION AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(unaudited)

(1) Basis of Presentation

The accompanying condensed consolidated financial statements include all the accounts of Liberty Media Corporation and its controlled subsidiaries ("Liberty," the "Company," "we," "us," or "our" unless the context otherwise requires). All significant intercompany accounts and transactions have been eliminated.

Liberty, through its ownership of interests in subsidiaries and other companies, is primarily engaged in the media and entertainment industries primarily in North America and the United Kingdom. Liberty's significant subsidiaries include Sirius XM Holdings Inc. ("Sirius XM Holdings"), Delta Topco Limited (the parent company of Formula 1) and Braves Holdings, LLC ("Braves Holdings"). Our most significant investment accounted for under the equity method is Live Nation Entertainment, Inc. ("Live Nation").

The accompanying (a) condensed consolidated balance sheet as of December 31, 2021, which has been derived from audited financial statements, and (b) the interim unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X as promulgated by the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the results for such periods have been included. The results of operations for any interim period are not necessarily indicative of results for the full year. Additionally, certain prior period amounts have been reclassified for comparability with current period presentation. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in Liberty's Annual Report on Form 10-K for the year ended December 31, 2021.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The Company considers (i) fair value measurement of non-financial instruments, (ii) accounting for income taxes and (iii) the determination of the useful life of Sirius XM Holdings' broadcast/transmission system to be its most significant estimates.

Liberty holds investments that are accounted for using the equity method. Liberty does not control the decision making process or business management practices of these affiliates. Accordingly, Liberty relies on management of these affiliates to provide it with accurate financial information prepared in accordance with GAAP that the Company uses in the application of the equity method. In addition, Liberty relies on audit reports that are provided by the affiliates' independent auditors on the financial statements of such affiliates. The Company is not aware, however, of any errors in or possible misstatements of the financial information provided by its equity affiliates that would have a material effect on Liberty's condensed consolidated financial statements.

Liberty has entered into certain agreements with Qurate Retail, Inc. ("Qurate Retail"), Liberty TripAdvisor Holdings, Inc. ("TripCo"), Liberty Broadband Corporation ("Liberty Broadband") and Liberty Media Acquisition Corporation ("LMAC"), all of which are separate publicly traded companies, in order to govern relationships between the companies. None of these entities has any stock ownership, beneficial or otherwise, in any of the others, other than Liberty's equity interests in LMAC. These agreements include Reorganization Agreements (in the case of Qurate Retail and Liberty Broadband only), Services Agreements, Facilities Sharing Agreements and Tax Sharing Agreements (in the case of Liberty Broadband only). In addition, as a result of certain corporate transactions, Liberty and Qurate Retail may have obligations to each other for certain tax related matters.

The Reorganization Agreements provide for, among other things, provisions governing the relationships between Liberty and each of Qurate Retail and Liberty Broadband, including certain cross-indemnities. Pursuant to the Services Agreements, Liberty provides Qurate Retail, TripCo, Liberty Broadband and LMAC with general and administrative

services including legal, tax, accounting, treasury and investor relations support. Qurate Retail, TripCo and Liberty Broadband reimburse Liberty for direct, out-of-pocket expenses incurred by Liberty in providing these services and, in the case of Qurate Retail, Qurate Retail's allocable portion of costs associated with any shared services or personnel based on an estimated percentage of time spent providing services to Qurate Retail. TripCo, Liberty Broadband and LMAC reimburse Liberty for shared services and personnel based on a flat fee. Under the Facilities Sharing Agreements, Liberty shares office space and related amenities at its corporate headquarters with Qurate Retail, TripCo, Liberty Broadband and LMAC at Liberty's corporate headquarters. Under these various agreements, approximately \$6 million and \$8 million of these allocated expenses were reimbursed to Liberty during the three months ended June 30, 2022 and 2021, respectively, and \$12 million and \$13 million were reimbursed to Liberty during the six months ended June 30, 2022 and 2021, respectively.

In December 2019, each of TripCo, Liberty Broadband and Qurate Retail (collectively, the "Service Companies") entered into an amendment to its respective services agreement with Liberty in connection with Liberty's entry into a new employment arrangement with Gregory B. Maffei, Liberty's President and Chief Executive Officer. Under the amended services agreements, components of Mr. Maffei's compensation are either paid directly to him by each Service Company or reimbursed to Liberty, in each case, based on allocations among Liberty and the Service Companies set forth in the respective amended services agreement.

Seasonality

Formula 1 recognizes the majority of its revenue and expenses in connection with World Championship race events ("Events") that take place in different countries around the world throughout the year. The Events in the past have generally taken place between March and December each year. As a result, the revenue and expenses recognized by Formula 1 are generally lower during the first quarter as compared to the rest of the quarters throughout the year.

Braves Holdings revenue is seasonal, with the majority of revenue recognized during the second and third quarters which aligns with the baseball season.

(2) Tracking Stocks

A tracking stock is a type of common stock that the issuing company intends to reflect or "track" the economic performance of a particular business or "group," rather than the economic performance of the company as a whole. While the Liberty SiriusXM Group, Liberty Braves Group (the "Braves Group") and the Liberty Formula One Group (the "Formula One Group") have separate collections of businesses, assets and liabilities attributed to them, no group is a separate legal entity and therefore cannot own assets, issue securities or enter into legally binding agreements. Therefore, the Liberty SiriusXM Group, Braves Group and Formula One Group do not represent separate legal entities, but rather represent those businesses, assets and liabilities that have been attributed to each respective group. Holders of tracking stock have no direct claim to the group's stock or assets and therefore, do not own, by virtue of their ownership of a Liberty tracking stock, any equity or voting interest in a public company, such as Sirius XM Holdings or Live Nation, in which Liberty holds an interest that is attributed to a Liberty tracking stock group, such as the Liberty SiriusXM Group. Holders of tracking stock are also not represented by separate boards of directors. Instead, holders of tracking stock are stockholders of the parent corporation, with a single board of directors and subject to all of the risks and liabilities of the parent corporation.

The Liberty SiriusXM common stock is intended to track and reflect the separate economic performance of the businesses, assets and liabilities attributed to the Liberty SiriusXM Group. As of June 30, 2022, the Liberty SiriusXM Group is comprised of Liberty's interests in Sirius XM Holdings and Live Nation, corporate cash, Liberty's 1.375% Cash Convertible Senior Notes due 2023 (the "Convertible Notes") and related financial instruments, Liberty's 2.125% Exchangeable Senior Debentures due 2048, Liberty's 2.75% Exchangeable Senior Debentures due 2049, Liberty's 0.5% Exchangeable Senior Debentures due 2050 and margin loan obligations incurred by wholly-owned special purpose

subsidiaries of Liberty. The Liberty SiriusXM Group retains intergroup interests in the Formula One Group and the Braves Group as of June 30, 2022. As of June 30, 2022, the Liberty SiriusXM Group has cash and cash equivalents of approximately \$494 million, which includes \$126 million of subsidiary cash. During the six months ended June 30, 2022, Sirius XM Holdings declared quarterly dividends and a special dividend and paid in cash an aggregate amount of \$1,159 million, of which Liberty received \$942 million. On July 14, 2022, Sirius XM Holdings' board of directors declared a quarterly dividend on its common stock in the amount of \$0.0219615 per share of common stock payable on August 31, 2022 to stockholders of record as of the close of business on August 5, 2022.

The Liberty Braves common stock is intended to track and reflect the separate economic performance of the businesses, assets and liabilities attributed to the Braves Group. As of June 30, 2022, the Braves Group is comprised primarily of Braves Holdings, which indirectly owns the Atlanta Braves Major League Baseball Club ("ANLBC" or the "Atlanta Braves") and certain assets and liabilities associated with ANLBC's stadium and mixed use development project and corporate cash. The Formula One Group and the Liberty SiriusXM Group retain intergroup interests in the Braves Group as of June 30, 2022. As of June 30, 2022, the Braves Group has cash and cash equivalents of approximately \$207 million, which includes \$117 million of subsidiary cash.

The Liberty Formula One common stock is intended to track and reflect the separate economic performance of the businesses, assets and liabilities attributed to the Formula One Group. As of June 30, 2022, the Formula One Group is comprised of all of the businesses, assets and liabilities of Liberty, other than those specifically attributed to the Braves Group or the Liberty SiriusXM Group, including Liberty's interests in Formula 1 and LMAC, cash, an intergroup interest in the Braves Group and Liberty's 1% Cash Convertible Notes due 2023. The Liberty SiriusXM Group retains an intergroup interest in the Formula One Group. As of June 30, 2022, the Formula One Group has cash and cash equivalents of approximately \$1,944 million, which includes \$935 million of subsidiary cash.

The number of notional shares representing the intergroup interest in the Braves Group held by the Formula One Group is 6,792,903, representing an 11.0% intergroup interest at June 30, 2022. The number of notional shares representing the intergroup interest in the Braves Group held by the Liberty SiriusXM Group is 2,292,037, representing a 3.7% intergroup interest at June 30, 2022. The number of notional shares representing the intergroup interest in the Formula One Group held by the Liberty SiriusXM Group is 5,271,475, representing a 2.2% intergroup interest at June 30, 2022. The intergroup interests represent quasi-equity interests which are not represented by outstanding shares of common stock; rather, the Formula One Group and Liberty SiriusXM Group have attributed interests in the Braves Group, which are generally stated in terms of a number of shares of Liberty Braves common stock, and the Liberty SiriusXM Group also has an attributed interest in the Formula One Group, which is generally stated in terms of a number of shares of Liberty Formula One common stock. The intergroup interests may be settled, at the discretion of the board of directors of the Company (the "Board of Directors"), through the transfer of newly issued shares of Liberty Braves common stock and Liberty Formula One common stock, respectively, cash and/or other assets to the respective tracking stock group. Accordingly, the Braves Group intergroup interests attributable to the Formula One Group and the Liberty SiriusXM Group are presented as assets of the Formula One Group and Liberty SiriusXM Group, respectively, and are presented as liabilities of the Braves Group. Similarly, the Formula One Group intergroup interest attributable to the Liberty SiriusXM Group is presented as an asset of the Liberty SiriusXM Group and is presented as a liability of the Formula One Group. The offsetting amounts between tracking stock groups are eliminated in consolidation. The intergroup interests will remain outstanding until the redemption of the outstanding interests, at the discretion of the Board of Directors, through a transfer of securities, cash and/or other assets from the Braves Group or Formula One Group to the respective tracking stock group.

See Exhibit 99.1 to this Quarterly Report on Form 10-Q for unaudited attributed financial information for Liberty's tracking stock groups.

(3) Stock-Based Compensation

Liberty grants, to certain of its directors, employees and employees of its subsidiaries, restricted stock, restricted stock units (“RSUs”) and stock options to purchase shares of its common stock (collectively, “Awards”). The Company measures the cost of employee services received in exchange for an equity classified Award (such as stock options and restricted stock) based on the grant-date fair value (“GDFV”) of the Award, and recognizes that cost over the period during which the employee is required to provide service (usually the vesting period of the Award). The Company measures the cost of employee services received in exchange for a liability classified Award based on the current fair value of the Award, and remeasures the fair value of the Award at each reporting date.

Included in the accompanying condensed consolidated statements of operations are the following amounts of stock-based compensation, as discussed below:

The Company did not grant any options to purchase Series A or Series B Liberty SiriusXM, Liberty Braves or Liberty Formula One common stock during the six months ended June 30, 2022.

Liberty calculates the GDFV for all of its equity classified Awards and the subsequent remeasurement of its liability classified Awards using the Black-Scholes Model. Liberty estimates the expected term of the Awards based on historical exercise and forfeiture data. The volatility used in the calculation for Awards is based on the historical volatility of Liberty common stock and the implied volatility of publicly traded Liberty options. Liberty uses a zero dividend rate and the risk-free rate for Treasury Bonds with a term similar to that of the subject Awards.

(4) Earnings Attributable to Liberty Media Corporation Stockholders Per Common Share

Basic earnings (loss) per common share ("EPS") is computed by dividing net earnings (loss) by the weighted average number of common shares outstanding ("WASO") for the period. Diluted EPS presents the dilutive effect on a per share basis of potential common shares as if they had been converted at the beginning of the periods presented, including any necessary adjustments to earnings (loss) attributable to shareholders.

In August 2020, the Financial Accounting Standards Board issued Accounting Standards Update 2020-06, *Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging— Contracts in Entity's Own Equity (Subtopic 815-40)* ("ASU 2020-06") which removes the separation models for convertible debt with cash conversion or beneficial conversion features and also requires the application of the if-converted method for calculating diluted earnings per share as the treasury stock method is no longer permitted for convertible instruments. The Company adopted ASU 2020-06 as of January 1, 2022 using the modified retrospective approach, which does not require retrospective adjustment of prior period EPS, and recorded an immaterial cumulative effect adjustment to retained earnings upon adoption. The adoption of ASU 2020-06 decreased diluted earnings attributable to Liberty SiriusXM stockholders per common share by \$0.12 and \$0.15 per share for the three and six months ended June 30, 2022, respectively.

Excluded from diluted EPS for the three and six months ended June 30, 2022 are approximately 25 million and 22 million potentially dilutive shares of Series A and Series C Liberty SiriusXM common stock, respectively, 5 million and 9 million potentially dilutive shares of Series A and Series C Liberty Braves common stock, respectively, and 5 million and

8 million potentially dilutive shares of Series A and Series C Liberty Formula One common stock, respectively, primarily due to warrants issued in connection with the Bond Hedge Transaction (as defined in note 8) and shares of Series A Liberty Braves common stock and Series A Liberty Formula One common stock underlying the intergroup interests, because their inclusion would be antidilutive. The warrant transactions (as described in note 8) may have a dilutive effect with respect to the shares comprising the basket of Liberty's tracking stocks as specified in the indenture, as amended, related to the Convertible Notes (the "Securities Basket") underlying the warrants to the extent that the settlement price exceeds the strike price of the warrants, and the warrants are settled in shares comprising such Securities Basket. The warrants and any potential future settlement are attributed to the Liberty SiriusXM Group.

Series A, Series B and Series C Liberty SiriusXM Common Stock

The basic and diluted EPS calculations are based on the following weighted average outstanding shares of common stock.

Potentially dilutive shares (a)	19	2	20	2
Diluted WASO (b)	348	337	350	338

- (a) Potentially dilutive shares are excluded from the computation of EPS during period in which net losses are reported since the result would be antidilutive.
- (b) For periods in which share settlement of the 2.125% Exchangeable Senior Debentures and 2.75% Exchangeable Senior Debentures, which may be settled in shares of Series C Liberty SiriusXM common stock, is dilutive, the numerator adjustment includes a reversal of the interest expense and the unrealized gain or loss recorded on the instruments during the period, net of tax where appropriate. Additionally, a hypothetical mark to market adjustment on the shares of Series A Liberty SiriusXM common stock included in the Securities Basket underlying the warrants is included in the numerator adjustment in periods in which cash settlement of the warrants would be more dilutive than share settlement.

- (b) The number of notional shares representing the intergroup interest in the Braves Group held by the Formula One Group is 6,792,903 and the number of notional shares representing the intergroup interest in the Braves Group held by the Liberty SiriusXM Group is 2,292,037 as of June 30, 2022.

The intergroup interests are quasi-equity interests which are not represented by outstanding shares of common stock; rather, the Formula One Group and the Liberty SiriusXM Group have attributed values in the Braves Group which are generally stated in terms of a number of shares of stock issuable to the Formula One Group and the Liberty SiriusXM Group with respect to their interests in the Braves Group. Each reporting period, the notional shares representing the intergroup interests are marked to fair value. As the notional shares underlying the intergroup interests are not represented by outstanding shares of common stock, such shares have not been officially designated Series A, B or C Liberty Braves common stock. However, Liberty has assumed that the notional shares (if and when issued) related to the Formula One Group interest in the Braves Group would be comprised of Series C Liberty Braves common stock in order to not dilute voting percentages and the notional shares (if and when issued) related to the Liberty SiriusXM Group interest in the Braves Group would be comprised of Series A Liberty Braves common stock since Series A Liberty Braves common stock underlie the Convertible Notes. Therefore, the market prices of Series C Liberty Braves and Series A Liberty Braves common stock are used for the quarterly mark-to-market adjustment for the intergroup interests held by Formula One Group and Liberty SiriusXM Group, respectively, through the unaudited attributed condensed consolidated statements of operations. The notional shares representing the intergroup interests have no impact on the basic WASO. However, if dilutive, the notional shares representing the intergroup interests are included in the diluted WASO as if the shares had been issued and outstanding during the period. For periods in which share settlement of the intergroup interests are dilutive, an adjustment is also made to the numerator in the diluted earnings per share calculation for the unrealized gain or loss incurred from marking the intergroup interests to fair value during the period. Additionally, a hypothetical mark to market adjustment on the shares of Series A Liberty Braves common stock included in the Securities Basket underlying the warrants is included in the numerator adjustment in periods in which cash settlement of the warrants would be more dilutive than share settlement.

(5) Assets and Liabilities Measured at Fair Value

For assets and liabilities required to be reported at fair value, GAAP provides a hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs, other than quoted market prices included within Level 1, that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Liberty does not have any assets or liabilities required to be measured at fair value considered to be Level 3.

Liberty's assets and liabilities measured at fair value are as follows:

Description	Fair Value Measurements at June 30, 2022			Fair Value Measurements at December 31, 2021		
	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
amounts in millions						
Cash equivalents	\$ 2,276	2,276	—	2,436	2,436	—
Investment in trust account	\$ 576	576	—	575	575	—
Debt and equity securities	\$ 106	106	—	217	217	—
Financial instrument assets	\$ 404	83	321	640	99	541
Debt	\$ 3,581	—	3,581	5,222	—	5,222
Financial instrument liabilities	\$ 6	6	—	59	20	39

The majority of Liberty's Level 2 financial instruments are debt related instruments and derivative instruments. These assets and liabilities are not always traded publicly or not considered to be traded on "active markets," as defined in GAAP. The fair values for such instruments are derived from a typical model using observable market data as the significant inputs or a trading price of a similar asset or liability is utilized. Accordingly, those debt securities, financial instruments and debt or debt related instruments are reported in the foregoing table as Level 2 fair value. Investments in the trust account and debt and equity securities included in the table above are included in the Other assets line item in the condensed consolidated balance sheets. As of June 30, 2022, \$1 million and \$403 million of financial instrument assets included in the table above are included in the Other current assets and Other assets line items, respectively, in the condensed consolidated balance sheet. The Company isolates the portion of the unrealized gain (loss) attributable to changes in the instrument specific credit risk and recognizes such amount in other comprehensive earnings (loss). The change in the fair value of the exchangeable senior debentures and cash convertible notes attributable to changes in the instrument specific credit risk was a gain of \$52 million and a loss of \$8 million for the three months ended June 30, 2022 and 2021, respectively, and a gain of \$41 million and a loss of \$68 million for the six months ended June 30, 2022 and 2021, respectively, and the cumulative change since issuance was a gain of \$109 million as of June 30, 2022, net of the recognition of previously unrecognized gains and losses.
- (b) Contemporaneously with the issuance of the Convertible Notes, Liberty entered into privately negotiated cash convertible note hedges, which are expected to offset potential cash payments Liberty would be required to make in excess of the principal amount of the Convertible Notes, upon conversion of the notes. The bond hedges are marked to market based on the trading price of underlying Series A Liberty SiriusXM, Liberty Braves and Liberty Formula One securities and other observable market data as the significant inputs (Level 2). Sirius XM Canada

As of June 30, 2022, Sirius XM Holdings holds a 70% equity interest and 33% voting interest in Sirius XM Canada Holdings Inc. (“Sirius XM Canada”). Sirius XM Canada is accounted for as an equity method investment as Sirius XM Holdings does not have the ability to direct the most significant activities that impact Sirius XM Canada's economic performance.

On March 15, 2022, Sirius XM Holdings and Sirius XM Canada entered into an amended and restated services and distribution agreement which modified the existing Services Agreement and terminated the existing Advisory Agreement, each dated as of May 25, 2017. Pursuant to the amended and restated services and distribution agreement, the fee payable by Sirius XM Canada to Sirius XM Holdings was modified from a fixed percentage of revenue to a variable fee, based on a target operating profit for Sirius XM Canada. Such variable fee is expected to be evaluated annually based on comparable companies. In accordance with the amended and restated services and distribution agreement, the fee is payable on a monthly basis, in arrears, beginning January 1, 2022.

In May 2017, Sirius XM Holdings extended a loan to Sirius XM Canada in the principal amount of \$131 million. In connection with the execution of the amended and restated services and distribution agreement, Sirius XM Holdings forgave \$113 million in principal amount of such loan to Sirius XM Canada, leaving an outstanding principal amount of \$8 million on such loan as of June 30, 2022. The principal amount that was forgiven by Sirius XM Holdings was considered satisfied as contributed capital to Sirius XM Canada.

Sirius XM Holdings has approximately \$19 million in related party current assets as of June 30, 2022. Sirius XM Holdings recorded approximately \$28 million and \$25 million in revenue during the three months ended June 30, 2022 and 2021, respectively, and \$55 million and \$50 million in revenue during the six months ended June 30, 2022 and 2021, respectively, associated with these various agreements. Sirius XM Canada paid gross dividends to Sirius XM Holdings of less than \$1 million during the three months ended June 30, 2021 and less than \$1 million and \$1 million during the six months ended June 30, 2022 and 2021, respectively.

SoundCloud

In February 2020, Sirius XM Holdings completed a \$75 million investment in Series G Membership Units of SoundCloud Holdings, LLC (“SoundCloud”). The investment in SoundCloud is accounted for as an equity method investment as Sirius XM Holdings does not have the ability to direct the most significant activities that impact SoundCloud's economic performance.

In addition to Sirius XM Holdings' investment in SoundCloud, Pandora has an agreement with SoundCloud to be its exclusive ad sales representative in the U.S. and certain European countries. Through this arrangement, Pandora offers advertisers the ability to execute campaigns across the Pandora and SoundCloud platforms. Sirius XM Holdings recorded revenue share expense related to this agreement of \$14 million for each of the three months ended June 30, 2022 and 2021, and \$27 million for each of the six months ended June 30, 2022 and 2021. Sirius XM Holdings also had related party liabilities of \$18 million as of June 30, 2022 related to this agreement.

1.375% Cash Convertible Senior Notes due 2023

On October 17, 2013, Liberty issued \$1 billion aggregate principal amount of the Convertible Notes. The Convertible Notes will mature on October 15, 2023 unless earlier repurchased by us or converted. Interest on the Convertible Notes is payable semi-annually in arrears on April 15 and October 15 of each year at a rate of 1.375% per annum. All conversions of the Convertible Notes will be settled solely in cash, and not through the delivery of any securities.

Since the date of issuance, the conversion, adjustment and other provisions of the indenture have been amended to give effect to certain transactions. The consideration due upon conversion of any Convertible Note shall be determined based on the Securities Basket, consisting of 0.1087 of a share of Series A Liberty Braves common stock, 1.0163 shares of Series A Liberty SiriusXM common stock and 0.25 of a share of Series A Liberty Formula One common stock as of June 30, 2022.

Holders of the Convertible Notes may convert their notes at their option at any time prior to the close of business on the second business day immediately preceding the maturity date of the notes under certain circumstances. Liberty has elected to account for this instrument using the fair value option. See note 5 for information related to unrealized gains (losses) on debt measured at fair value.

Additionally, contemporaneously with the issuance of the Convertible Notes, Liberty entered into a bond hedge transaction (the “Bond Hedge Transaction”). The Bond Hedge Transaction is expected to offset potential cash payments Liberty would be required to make in excess of the principal amount of the Convertible Notes, upon conversion of the notes in the event that the volume-weighted average price per share of the components of the Securities Basket, as measured under the cash convertible note hedge transactions on each trading day of the relevant cash settlement averaging period or other relevant valuation period, was greater than the strike price of the components of the Securities Basket. As of June 30, 2022, the Bond Hedge Transaction covered, in the aggregate, 5,271,475 shares of Series A Liberty Formula One common stock, 21,429,600 shares of Series A Liberty SiriusXM common stock and 2,292,037 shares of Series A Liberty Braves common stock, subject to anti-dilution adjustments pertaining to the Convertible Notes, which is equal to the aggregate number of shares comprising the Securities Basket underlying the Convertible Notes. The bond hedge expires on October 15, 2023 and is included in Other assets as of June 30, 2022 and Other current assets as of December 31, 2021 in the accompanying condensed consolidated balance sheets, with changes in the fair value recorded as unrealized gains (losses) on financial instruments in the accompanying condensed consolidated statements of operations.

Concurrently with the Convertible Notes and Bond Hedge Transaction, Liberty also entered into separate privately negotiated warrant transactions under which Liberty sold warrants relating to the same underlying shares of the Convertible Notes and Bond Hedge Transaction, subject to anti-dilution adjustments. The first expiration date of the warrants is January 16, 2024 and the remainder expire over a period covering 81 days thereafter. Liberty may elect to settle its delivery obligation under the warrant transactions with cash. As of June 30, 2022, the warrants covered, in the aggregate, 5,271,475 shares of Series A Liberty Formula One common stock, 21,429,600 shares of Series A Liberty SiriusXM common stock and 2,292,037 shares of Series A Liberty Braves common stock, subject to anti-dilution adjustments. The strike price of the warrants, based on the basket of shares, was \$61.16 per share as of June 30, 2022. As of June 30, 2022, the basket price of the securities underlying the warrants was \$53.85 per share, which is the same as the basket price of the securities underlying the Bond Hedge Transaction. The warrants may have a dilutive effect with respect to the shares comprising the Securities Basket underlying the warrants to the extent that the settlement price exceeds the strike price of the warrants, and the warrants are settled in shares comprising such Securities Basket.

The Convertible Notes, Bond Hedge Transaction and warrants are attributed to the Liberty SiriusXM Group.

Sirius XM Holdings is required to pay a variable fee on the average daily unused portion of the Credit Facility which was 0.25% per annum as of June 30, 2022 and is payable on a quarterly basis. The Credit Facility contains customary covenants, including a maintenance covenant. Availability under the Credit Facility was \$1,240 million as of June 30, 2022.

On April 11, 2022, Sirius XM Holdings entered into an amendment to the Credit Facility to incorporate an incremental term loan borrowing of \$500 million which matures on April 11, 2024. Interest on the incremental term loan borrowing is based on Adjusted Term SOFR plus an applicable rate. Borrowings outstanding under the incremental term loan bore interest at a rate of 2.32% per annum as of June 30, 2022.

Formula 1 Loans

Formula 1 has a first lien term loan denominated in U.S. Dollars (the "Senior Loan Facility"), which includes a \$500 million revolving credit facility. The revolving credit facility matures on May 31, 2024, unless the Senior Loan Facility is outstanding, in which case the revolving credit facility matures on November 3, 2023. As of June 30, 2022, there were no outstanding borrowings under the \$500 million revolving credit facility. The interest rate on the Senior Loan Facility was approximately 4.17% as of June 30, 2022. The Senior Loan Facility is secured by share pledges and floating charges over Formula 1's primary operating companies with certain cross guarantees. Additionally, as of June 30, 2022, Formula 1 has interest rate swaps on \$2.1 billion of the \$2.9 billion Senior Loan Facility in order to manage its interest rate risk.

Debt Covenants

The Sirius XM Holdings Credit Facility contains certain financial covenants related to Sirius XM Holdings' leverage ratio. Braves Holdings' debt contains certain financial covenants related to Braves Holdings' debt service coverage ratio, fixed charge coverage ratio and debt yield ratio. The Formula 1 Senior Loan Facility contains certain financial covenants, including a leverage ratio. Additionally, Sirius XM Holdings' Credit Facility, Braves Holdings' debt, Formula 1 debt and other borrowings contain certain non-financial covenants. The Company, Sirius XM Holdings, Formula 1 and Braves Holdings are in compliance with their debt covenants as of June 30, 2022.

The fair value, based on quoted market prices of the same instruments but not considered to be active markets (Level 2), of Sirius XM Holdings' publicly traded debt securities, not reported at fair value, are as follows (amounts in millions):

Sirius XM 3.125% Senior Notes due 2026	\$ 880
Sirius XM 5.0% Senior Notes due 2027	\$ 1,387

Sirius XM 3.875% Senior Notes due 2031	\$ 1,193

Due to the variable rate nature of the Credit Facility, margin loans and other debt, the Company believes that the carrying amount approximates fair value at June 30, 2022.

(9) Liberty Media Acquisition Corporation

In November 2020, the Company, through its wholly owned subsidiary, Liberty Media Acquisition Sponsor, LLC (the "Sponsor"), formed LMAC and ultimately purchased approximately 14.4 million shares of LMAC Series F common stock ("Founder Shares") for \$25,000.

On January 26, 2021, LMAC consummated its initial public offering ("IPO") of 57.5 million units (the "Units"), including 7.5 million Units sold pursuant to the full exercise of the underwriters' overallotment option. Each Unit consists of one share of Series A common stock of LMAC and one-fifth of one redeemable warrant of LMAC. Each whole warrant entitles the holder thereof to purchase one share of Series A common stock for \$11.50 per share, subject to adjustment, following the later of 30 days after the completion of LMAC's initial business combination and 12 months from the closing of the IPO ("Public Warrants"). The Units were sold at a price of \$10.00 per Unit, generating gross proceeds to LMAC of \$575 million, which were placed in a U.S.-based trust account (Level 1) which is included in other assets in the condensed consolidated balance sheet. Substantially concurrent with the IPO, LMAC completed the private placement of 10 million warrants to the Sponsor, generating gross proceeds of \$15 million ("Private Placement Warrants"). Each Private Placement Warrant entitles the holder thereof to purchase one share of LMAC's Series A common stock for \$11.50 per share, subject to adjustment, following the later of 30 days after the completion of LMAC's initial business combination and 12 months from the closing of the IPO. The Sponsor has committed to acquire \$250 million of forward purchase units (each consisting of one share of LMAC's Series B common stock and one-fifth of one redeemable warrant to purchase one share of LMAC's Series A common stock), at a price of \$10.00 per unit, pursuant to a forward purchase agreement that will close substantially concurrently with the consummation of LMAC's initial business combination.

LMAC intends to search for a target in the media, digital media, music, entertainment, communications, telecommunications and technology industries, but may seek to complete a business combination with an operating company in any industry, sector or geographic region.

The Company, through the Sponsor's ownership of the Founder Shares, owns 20% of LMAC's issued and outstanding common stock. The Founder Shares have certain governance rights which allow the Company to control LMAC's affairs, policies and operations through the initial business combination and therefore the Company continues to consolidate LMAC post IPO. LMAC also entered into services and facilities sharing agreements with the Company for shared office

LIBERTY MEDIA CORPORATION AND SUBSIDIARIES**Notes to Condensed Consolidated Financial Statements (Continued)****(unaudited)**

space, services and personnel based on a flat fee. The Company's interest in LMAC is attributed to the Formula One Group. Transactions and ownership interests with the Sponsor eliminate upon consolidation.

LMAC's Series A common stock, issued as part of the Units in the IPO, has certain provisions which allow the holder to put back the stock to LMAC upon an initial business combination at their election. This conditional redemption feature requires the Company to account for those shares that are subject to potential redemption as redeemable noncontrolling interests which requires temporary equity classification (outside of permanent equity).

The changes in the components of redeemable noncontrolling interests were as follows (in millions):

Balance at January 1, 2022	\$	575
Net earnings (loss) attributable to the noncontrolling interests		11
Change in redemption value of redeemable noncontrolling interests		(10)
Balance at June 30, 2022	\$	<u>576</u>

The Public Warrants, issued as part of the Units in the IPO, have certain provisions which require LMAC to account for these instruments at fair value as a liability. Therefore, the proceeds from the IPO were bifurcated between the warrants and the Series A common stock. At the IPO date, approximately \$20 million was recorded as a warrant liability within Other Liabilities, net of IPO costs. At June 30, 2022, the value of the liability was \$6 million based on the fair market value of the Public Warrants.

On April 15, 2021, the Sponsor entered into an agreement to provide up to \$2.5 million to LMAC for working capital purposes. During the three months ended March 31, 2022, the agreement was amended to increase the aggregate principal available for borrowing to \$4 million. As of June 30, 2022, LMAC had borrowed \$3 million under the loan. The working capital loan will either be repaid upon consummation of the initial business combination or the deadline for LMAC to complete an initial business combination, without interest, or, at the Sponsor's discretion, up to \$2.5 million of such loan may be convertible into warrants of the post-business combination entity at a price of \$1.50 per warrant. The warrants would be identical to the Private Placement Warrants. In the event that a business combination does not close, LMAC may use funds outside of the trust account to repay the working capital loan, but funds in the trust account would not be used to repay the working capital loan.

(10) Commitments and Contingencies***Guarantees***

In connection with agreements for the sale of assets by the Company or its subsidiaries, the Company may retain liabilities that relate to events occurring prior to its sale, such as tax, environmental, litigation and employment matters. The Company generally indemnifies the purchaser in the event that a third party asserts a claim against the purchaser that relates to a liability retained by the Company. These types of indemnification obligations may extend for a number of years. The Company is unable to estimate the maximum potential liability for these types of indemnification obligations as the sale agreements may not specify a maximum amount and the amounts are dependent upon the outcome of future contingent events, the nature and likelihood of which cannot be determined at this time. Historically, the Company has not made any significant indemnification payments under such agreements and no amount has been accrued in the accompanying condensed consolidated financial statements with respect to these indemnification guarantees.

Employment Contracts

The Atlanta Braves and certain of their players (current and former), coaches and executives have entered into long-term employment contracts whereby such individuals' compensation is guaranteed. Amounts due under guaranteed

contracts as of June 30, 2022 aggregated \$553 million, which is payable as follows: \$199 million in 2022, \$115 million in 2023, \$73 million in 2024, \$50 million in 2025 and \$116 million thereafter. In addition to the foregoing amounts, certain players, coaches and executives may earn incentive compensation under the terms of their employment contracts.

SXM-7 Satellite

During the three months ended March 31, 2021, Sirius XM Holdings recorded an impairment charge of \$220 million to impairment, restructuring and acquisition costs, net of recoveries in the condensed consolidated statement of operations related to the total loss of the SXM-7 satellite. Sirius XM Holdings procured insurance for SXM-7 to cover the risks associated with the satellite's launch and first year of in-orbit operation. The aggregate coverage under the insurance policies with respect to SXM-7 was \$225 million. Sirius XM Holdings recorded \$140 million and \$85 million of insurance recoveries during the three months ended June 30, 2021 and September 30, 2021, respectively.

The SXM-8 satellite was successfully launched into a geostationary orbit on June 6, 2021 and was placed into service on September 8, 2021 following the completion of in-orbit testing. The SXM-8 satellite replaced the XM-3 satellite. During the six months ended June 30, 2022, the XM-5 satellite replaced the XM-4 satellite. The XM-3 and XM-4 satellites remain available as in-orbit spares.

Impact of COVID-19

In December 2019, Chinese officials reported a novel coronavirus outbreak ("COVID-19"). COVID-19 has since spread internationally. On March 11, 2020, the World Health Organization assessed COVID-19 as a global pandemic, causing many countries throughout the world to take aggressive actions, including imposing travel restrictions and stay-at-home orders, closing public attractions and restaurants, and mandating social distancing practices. The business operations of Formula 1, the Atlanta Braves and Live Nation initially were largely, if not completely, suspended at the outset of COVID-19. In 2020, the regular baseball season was comprised of 60 games and Formula 1 had 17 Events. The 2021 regular baseball season was comprised of 161 games. Formula 1 originally scheduled 23 Events in 2021, and after a number of Events were cancelled and/or replaced, a record 22 Events took place. Braves Holdings and Formula 1 had limitations on the number of fans in attendance at certain games and Events in 2021, thereby reducing revenue associated with fan attendance. Starting in the third quarter of 2021, Live Nation saw a meaningful restart of its operations, with growth in ticket sales, new sponsor partners and the resumption of shows, primarily in the United States and United Kingdom. In 2022, Formula 1 expects to hold 22 Events and Braves Holdings expects a full 162 game schedule. It is unclear whether and to what extent COVID-19 concerns will continue to impact the use of and/or demand for the entertainment, events and services provided by these businesses and demand for sponsorship and advertising assets. If these businesses face cancelled events, closed venues and reduced attendance in the future, the impact may substantially decrease our revenue. Due to the revenue reductions caused by COVID-19 to date, these businesses have looked to reduce expenses, but should such impacts resume, the businesses may not be able to reduce expenses to the same degree as any decline in revenue, which may adversely affect our results of operations and cash flow.

Restructuring of Sirius XM Holdings' leases

During the six months ended June 30, 2021, Sirius XM Holdings evaluated its office space needs and, as a result of such analysis, surrendered certain office leases, primarily in New York, New York and Oakland, California. Sirius XM Holdings assessed the recoverability of the carrying value of the operating lease right of use assets related to these locations. Based on that assessment, Sirius XM Holdings recorded impairments aggregating \$18 million to reduce the carrying value of the assets to their fair values. Additionally, Sirius XM Holdings accrued expenses of \$6 million for which it will not recognize any future economic benefits and wrote off leasehold improvements of \$1 million. The fair values of the assets were determined using a discounted cash flow model based on Sirius XM Holdings management's assumptions

regarding the ability to sublease the locations and the remaining term of the leases. The total charge of \$25 million was recorded to impairment, restructuring and acquisition costs, net of recoveries in the condensed consolidated statement of operations for the six months ended June 30, 2021.

Litigation

The Company has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible the Company may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that amounts, if any, which may be required to satisfy such contingencies will not be material in relation to the accompanying condensed consolidated financial statements.

Pre-1972 Sound Recording Litigation. On October 2, 2014, Flo & Eddie Inc. filed a class action suit against Pandora in the federal district court for the Central District of California. The complaint alleges a violation of California Civil Code Section 980, unfair competition, misappropriation and conversion in connection with the public performance of sound recordings recorded prior to February 15, 1972 (“pre-1972 recordings”). On December 19, 2014, Pandora filed a motion to strike the complaint pursuant to California’s Anti-Strategic Lawsuit Against Public Participation (“anti-SLAPP”) statute, which following denial of Pandora’s motion was appealed to the Ninth Circuit Court of Appeals. In March 2017, the Ninth Circuit requested certification to the California Supreme Court on the substantive legal questions. The California Supreme Court accepted certification. In May 2019, the California Supreme Court issued an order dismissing consideration of the certified questions on the basis that, following the enactment of the Orrin G. Hatch-Bob Goodlatte Music Modernization Act, Pub. L. No. 115-264, 132 Stat. 3676 (2018) (the “MMA”), resolution of the questions posed by the Ninth Circuit Court of Appeals was no longer “necessary to . . . settle an important question of law.”

The MMA grants a potential federal preemption defense to the claims asserted in the aforementioned lawsuits. In July 2019, Pandora took steps to avail itself of this preemption defense, including making the required payments under the MMA for certain of its uses of pre-1972 recordings. Based on the federal preemption contained in the MMA (along with other considerations), Pandora asked the Ninth Circuit to order the dismissal of the *Flo & Eddie, Inc. v. Pandora Media, Inc.* case. On October 17, 2019, the Ninth Circuit Court of Appeals issued a memorandum disposition concluding that the question of whether the MMA preempts Flo and Eddie’s claims challenging Pandora’s performance of pre-1972 recordings “depends on various unanswered factual questions” and remanded the case to the District Court for further proceedings.

In October 2020, the District Court denied Pandora’s renewed motion to dismiss the case under California’s anti-SLAPP statute, finding the case no longer qualified for anti-SLAPP due to intervening changes in the law, and denied Pandora’s renewed attempt to end the case. Alternatively, the District Court ruled that the preemption defense likely did not apply to Flo & Eddie’s claims, in part because the District Court believed that the MMA did not apply retroactively. Pandora promptly appealed the District Court’s decision to the Ninth Circuit, and moved to stay appellate briefing pending the appeal of a related case against Sirius XM. On January 13, 2021, the Ninth Circuit issued an order granting the stay of appellate proceedings pending the resolution of a related case against Sirius XM.

On August 23, 2021, the United States Court of Appeals for the Ninth Circuit issued an Opinion in a related case, *Flo & Eddie Inc. v. Sirius XM Radio Inc.* The related case also concerned a class action suit brought by Flo & Eddie Inc. regarding the public performance of pre-1972 recordings under California law. Relying on California’s copyright statute, Flo & Eddie argued that California law gave it the “exclusive ownership” of its pre-1972 songs, including the right of public performance. The Ninth Circuit reversed the District Court’s grant of partial summary judgment to Flo & Eddie Inc. The Ninth Circuit held that the District Court in this related case erred in concluding that “exclusive ownership” under California’s copyright statute included the right of public performance. The Ninth Circuit remanded the case for entry of judgment consistent with the terms of the parties’ contingent settlement agreement, and on October 6, 2021, the parties to

the related case stipulated to its dismissal with prejudice. The Flo & Eddie Inc. v. Sirius XM Radio Inc. decision is precedential in the Ninth Circuit, and therefore Sirius XM Holdings believes substantially narrows the claims that Flo & Eddie may continue to assert against Pandora.

Following issuance of the Flo & Eddie Inc. v. Sirius XM Radio Inc. opinion, on September 3, 2021, the Ninth Circuit lifted the stay of appellate proceedings in Flo & Eddie, Inc. v. Pandora Media, LLC. Pandora promptly filed an appeal of the District Court's order denying the renewed motion to dismiss the case under California's anti-SLAAP statute.

On June 2, 2022, the Ninth Circuit upheld the District Court's order denying dismissal of the case under California's anti-SLAPP statute, finding that Pandora had failed to demonstrate that Flo & Eddie's claims arise from Pandora's protected conduct. As part of the decision, the Ninth Circuit noted that Pandora had forcefully argued that the Court's decision in Flo & Eddie Inc. v. Sirius XM Radio Inc., and other decisions under New York, Florida and Georgia law, foreclosed Flo & Eddie's claims as a matter of law. Because the case has been pending for over seven years, the Ninth Circuit remanded the case to the District Court and directed "the district court to consider expedited motions practice on the legal validity of Flo & Eddie's claims in light of the intervening precedent."

The District Court has scheduled a hearing to review next steps in this case. Sirius XM Holdings continues to believe it has substantial defenses to the remaining claims asserted in this action, and intends to defend this action vigorously.

(11) Information About Liberty's Operating Segments

The Company, through its ownership interests in subsidiaries and other companies, is primarily engaged in the media, communications and entertainment industries. The Company identifies its reportable segments as (A) those consolidated subsidiaries that represent 10% or more of its consolidated annual revenue, annual Adjusted OIBDA (as defined below) or total assets and (B) those equity method affiliates whose share of earnings represent 10% or more of the Company's annual pre-tax earnings.

Liberty's chief operating decision maker evaluates performance and makes decisions about allocating resources to the Company's operating segments based on financial measures such as revenue and Adjusted OIBDA (as defined below). In addition, the Company reviews nonfinancial measures such as subscriber growth, churn and penetration.

For the six months ended June 30, 2022, the Company has identified the following subsidiaries as its reportable segments:

- Sirius XM Holdings is a consolidated subsidiary that operates two complementary audio entertainment businesses, Sirius XM and Pandora and Off-platform. Sirius XM features music, sports, entertainment, comedy, talk, news, traffic and weather channels and other content, as well as podcasts and infotainment services, in the United States on a subscription fee basis. Sirius XM's packages include live, curated and certain exclusive and on demand programming. The Sirius XM service is distributed through its two proprietary satellite radio systems and streamed via applications for mobile devices, home devices and other consumer electronic equipment. Sirius XM also provides connected vehicle services and a suite of in-vehicle data services. Pandora operates a music and podcast streaming discovery platform. Pandora is available as an ad-supported radio service, a radio subscription service, called Pandora Plus, and an on-demand subscription service, called Pandora Premium. Pandora also sells advertising on other audio platforms in widely distributed podcasts, which are considered to be off-platform services.
- Formula 1 is a global motorsports business that holds exclusive commercial rights with respect to the World Championship, an annual, approximately nine-month long, motor race-based competition in which teams

compete for the Constructors' Championship and drivers compete for the Drivers' Championship. The World Championship takes place on various circuits with a varying number of events taking place in different countries around the world each season. Formula 1 is responsible for the commercial exploitation and development of the World Championship as well as various aspects of its management and administration.

The Company's segments are strategic business units that offer different products and services. They are managed separately because each segment requires different technologies, differing revenue sources and marketing strategies. The significant accounting policies of the segments are the same as those described in the Company's summary of significant policies in the Company's annual financial statements filed on Form 10-K.

As of December 31, 2021, Live Nation met the Company's reportable segment threshold for equity method affiliates due to significant losses driven by COVID-19. Although the Company owns less than 100% of the outstanding shares of Live Nation, 100% of the Live Nation amounts are included in the tables below and are subsequently eliminated in order to reconcile the account totals to the Company's consolidated financial statements. The Company's investment in Live Nation is attributed to the Liberty SiriusXM Group.

LIBERTY MEDIA CORPORATION AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements (Continued)

(unaudited)

Our subsidiaries' customers generally pay for services in advance of the performance obligation and therefore these prepayments are recorded as deferred revenue. The deferred revenue is recognized as revenue in our unaudited condensed consolidated statement of operations as the services are provided. Changes in the contract liability balance for Sirius XM Holdings during the three months ended June 30, 2022 were not materially impacted by other factors. The opening and closing balances for our deferred revenue related to Formula 1 and Braves Holdings for the six months ended June 30, 2022 were approximately \$347 million and \$569 million, respectively. The primary cause for the increase related to the receipt of cash from our customers in advance of satisfying our performance obligations.

Significant portions of the transaction prices for Formula 1 and Braves Holdings are related to undelivered performance obligations that are under contractual arrangements that extend beyond one year. The Company anticipates recognizing revenue from the delivery of such performance obligations of approximately \$1,313 million for the remainder of 2022, \$1,997 million in 2023, \$1,699 million in 2024, \$3,939 million in 2025 through 2030, and \$787 million thereafter, primarily recognized through 2035. We have not included any amounts in the undelivered performance obligations amounts for Formula 1 and Braves Holdings for those performance obligations that relate to a contract with an original expected duration of one year or less.

For segment reporting purposes, the Company defines Adjusted OIBDA as revenue less operating expenses, and selling, general and administrative expenses excluding all stock-based compensation, separately reported litigation settlements and restructuring and impairment charges. The Company believes this measure is an important indicator of the operational strength and performance of its businesses, by identifying those items that are not directly a reflection of each business' performance or indicative of ongoing business trends. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. This measure of performance excludes depreciation and amortization, stock-based compensation, separately reported litigation settlements and restructuring and impairment charges that are included in the measurement of operating income pursuant to GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with GAAP. The Company generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties, that is, at current prices.

This discussion should be read in conjunction with our accompanying condensed consolidated financial statements and the notes thereto and our Annual Report on Form 10-K for the year ended December 31, 2021.

The information contained herein relates to Liberty Media Corporation and its controlled subsidiaries (“Liberty,” the “Company,” “we,” “us,” or “our” unless the context otherwise requires).

Overview

We own controlling and non-controlling interests in a broad range of media and entertainment companies. Our largest operating subsidiary, which is also a reportable segment, is Sirius XM Holdings. Sirius XM Holdings operates two complementary audio entertainment businesses, Sirius XM and Pandora and Off-platform. Sirius XM features music, sports, entertainment, comedy, talk, news, traffic and weather channels and other content, as well as podcasts and infotainment services, in the United States on a subscription fee basis. Sirius XM packages include live, curated and certain exclusive and on demand programming. Sirius XM is distributed through its two proprietary satellite radio systems and streamed via applications for mobile devices, home devices and other consumer electronic equipment. Sirius XM also provides connected vehicle services and a suite of in-vehicle data services. Pandora operates a music and podcast streaming discovery platform. Pandora is available as an ad-supported radio service, a radio subscription service (Pandora Plus), and an on-demand subscription service (Pandora Premium). Through Sirius XM Holdings, we have investments in Sirius XM Canada Holdings, Inc. (“Sirius XM Canada”) and SoundCloud Holdings, LLC (“SoundCloud”), which we account for as equity method investments.

Formula 1 is a wholly-owned consolidated subsidiary and is also a reportable segment. Formula 1 is a global motorsports business that holds exclusive commercial rights with respect to the World Championship, an annual, approximately nine-month long, motor race-based competition in which teams compete for the Constructors' Championship and drivers compete for the Drivers' Championship. The World Championship takes place on various circuits with a varying number of events (“Events”) taking place in different countries around the world each

season. Formula 1 is responsible for the commercial exploitation and development of the World Championship as well as various aspects of its management and administration.

We hold an ownership interest in Live Nation, which is accounted for as an equity method investment at June 30, 2022. Live Nation is considered the world's leading live entertainment company. As of December 31, 2021, Live Nation met the Company's reportable segment threshold for equity method affiliates due to significant losses driven by COVID-19.

Our "Corporate and Other" category includes our consolidated subsidiary, Braves Holdings, LLC ("Braves Holdings") and corporate expenses. Braves Holdings owns the Atlanta Braves Major League Baseball Club ("ANLBC") and certain assets and liabilities associated with ANLBC's stadium and mixed use development project (the "Development Project"). "Corporate and Other" also includes investments and related financial instruments in public companies, which are accounted for at their respective fair market values.

A tracking stock is a type of common stock that the issuing company intends to reflect or "track" the economic performance of a particular business or "group," rather than the economic performance of the company as a whole. While the Liberty SiriusXM Group, the Liberty Braves Group (the "Braves Group") and the Liberty Formula One Group (the "Formula One Group") have separate collections of businesses, assets and liabilities attributed to them, no group is a separate legal entity and therefore cannot own assets, issue securities or enter into legally binding agreements. Therefore, the Liberty SiriusXM Group, Braves Group and Formula One Group do not represent separate legal entities, but rather represent those businesses, assets and liabilities that have been attributed to each respective group. Holders of tracking stock have no direct claim to the group's stock or assets and therefore, do not own, by virtue of their ownership of a Liberty tracking stock, any equity or voting interest in a public company, such as Sirius XM Holdings or Live Nation, in which Liberty holds an interest that is attributed to a Liberty tracking stock group, such as the Liberty SiriusXM Group. Holders of tracking stock are also not represented by separate boards of directors. Instead, holders of tracking stock are stockholders of the parent corporation, with a single board of directors and subject to all of the risks and liabilities of the parent corporation.

The term "Liberty SiriusXM Group" does not represent a separate legal entity, rather it represents those businesses, assets and liabilities that have been attributed to that group. As of June 30, 2022, the Liberty SiriusXM Group is primarily comprised of Liberty's interests in Sirius XM Holdings and Live Nation, corporate cash, Liberty's 1.375% Cash Convertible Senior Notes due 2023 and related financial instruments, Liberty's 2.125% Exchangeable Senior Debentures due 2048, Liberty's 2.75% Exchangeable Senior Debentures due 2049, Liberty's 0.5% Exchangeable Senior Debentures due 2050 and margin loan obligations incurred by wholly-owned special purpose subsidiaries of Liberty. The Liberty SiriusXM Group retains an approximate 3.7% intergroup interest in the Braves Group and an approximate 2.2% intergroup interest in the Formula One Group as of June 30, 2022. As of June 30, 2022, the Liberty SiriusXM Group has cash and cash equivalents of approximately \$494 million, which includes approximately \$126 million of subsidiary cash.

Sirius XM Holdings is the only operating subsidiary attributed to the Liberty SiriusXM Group. In the event Sirius XM Holdings were to become insolvent or file for bankruptcy, Liberty's management would evaluate the circumstances at such time and take appropriate steps in the best interest of all of its stockholders, which may not be in the best interest of a particular group or groups when considered independently. In such a situation, Liberty's management and its board of directors would have several approaches at their disposal, including, but not limited to, the conversion of the Liberty SiriusXM common stock into another tracking stock of Liberty, the reattribution of assets and liabilities among Liberty's tracking stock groups or the restructuring of Liberty's tracking stocks to either create a new tracking stock structure or eliminate it altogether.

The term "Braves Group" does not represent a separate legal entity, rather it represents those businesses, assets and liabilities that have been attributed to that group. As of June 30, 2022, the Braves Group is primarily comprised of Braves Holdings, which indirectly owns ANLBC and certain assets and liabilities associated with ANLBC's stadium and the Development Project, and corporate cash. Additionally, the Liberty SiriusXM Group and the Formula One Group retain approximate 3.7% and 11.0% intergroup interests, respectively, in the Braves Group as of June 30, 2022. As of June 30, 2022, the Braves Group has cash and cash equivalents of approximately \$207 million.

[Table of Contents](#)

The term "Formula One Group" does not represent a separate legal entity, rather it represents those businesses, assets and liabilities that have been attributed to that group. As of June 30, 2022, the Formula One Group is primarily comprised of all of the businesses, assets and liabilities of Liberty, other than those specifically attributed to the Liberty SiriusXM Group or the Braves Group, including Liberty's interests in Formula 1 and Liberty Media Acquisition Corporation, an approximate 11.0% intergroup interest in the Braves Group and Liberty's 1% Cash Convertible Notes due 2023. The Liberty SiriusXM Group retains an approximate 2.2% intergroup interest in the Formula One Group as of June 30, 2022. The Formula One Group has cash and cash equivalents of approximately \$1,944 million as of June 30, 2022, which includes \$935 million of subsidiary cash.

In December 2019, Chinese officials reported a novel coronavirus outbreak ("COVID-19"). COVID-19 has since spread internationally. On March 11, 2020, the World Health Organization assessed COVID-19 as a global pandemic, causing many countries throughout the world to take aggressive actions, including imposing travel restrictions and stay-at-home orders, closing public attractions and restaurants, and mandating social distancing practices. As a result, the start of the 2020 Formula 1 race calendar, comprised of 17 Events, and the Major League Baseball season, comprised of 60 regular season games, were delayed until the beginning of July 2020 and end of July 2020, respectively. In addition, in mid-March 2020, Live Nation suspended all large-scale live entertainment events due to COVID-19. The 2021 regular baseball season was comprised of 161 games, which approximates the number of regular season games held in years prior to the COVID-19 pandemic. Formula 1 originally scheduled 23 Events in 2021, and after a number of Events were cancelled and/or replaced, a record 22 Events took place. Braves Holdings and Formula 1 had limitations on the number of fans in attendance at certain games and Events in 2021, thereby reducing revenue associated with fan attendance. Starting in the third quarter of 2021, Live Nation saw a meaningful restart of its operations, with growth in ticket sales, new sponsor partners and the resumption of shows, primarily in the United States and United Kingdom. In 2022, Formula 1 expects to hold 22 Events and Braves Holdings expects a full 162 game schedule. It is unclear whether and to what extent COVID-19 concerns will continue to impact the use of and/or demand for the entertainment, events and services provided by these businesses and demand for sponsorship and advertising assets. If these businesses face cancelled events, closed venues and reduced attendance in the future, the impact may substantially decrease our revenue. Due to the revenue reductions caused by COVID-19 to date, these businesses have looked to reduce expenses, but should such impacts resume, the businesses may not be able to reduce expenses to the same degree as any decline in revenue, which may adversely affect our results of operations and cash flow.

Results of Operations—Consolidated

General. We provide in the tables below information regarding our consolidated operating results and other income and expense, as well as information regarding the contribution to those items from our reportable segments. The "Corporate and other" category consists of those assets or businesses which do not qualify as a separate reportable segment. For a more detailed discussion and analysis of the financial results of our principal reportable segment see "Results of Operations—Businesses" below.

Revenue. Our consolidated revenue increased \$382 million and \$697 million for the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. The increases were driven by increases in revenue for Formula 1, Sirius XM Holdings and Braves Holdings. See "Results of Operations—Businesses" below for a more complete discussion of the results of operations of Sirius XM Holdings, Formula 1 and Braves Holdings.

Operating income (loss). Our consolidated operating income decreased \$66 million and increased \$255 million for the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. The decrease for the three months ended June 30, 2022 was primarily driven by a \$161 million decrease in Sirius XM Holdings operating results, partially offset by improvements of \$101 million and \$5 million in Formula 1 and Braves Holdings operating results, respectively. The increase for the six months ended June 30, 2022 was primarily driven by improvements of \$168 million, \$95 million and \$5 million in Formula 1, Sirius XM Holdings and Braves Holdings operating results, respectively. See "Results of Operations—Businesses" below for a more complete discussion of the results of operations of Sirius XM Holdings and Formula 1.

Stock-based compensation. Stock-based compensation includes compensation related to (1) options and stock appreciation rights for shares of our common stock that are granted to certain of our officers and employees, (2) options, restricted stock awards, restricted stock units and other stock-based awards granted to officers, employees and certain third parties of our subsidiaries, Sirius XM Holdings, Formula 1 and Braves Holdings, (3) phantom stock appreciation rights granted to officers and employees of our subsidiary, Braves Holdings, pursuant to private equity plans and (4) amortization of restricted stock and performance-based restricted stock unit grants.

We recorded \$112 million and \$123 million of stock-based compensation expense for the six months ended June 30, 2022 and 2021, respectively. The decrease in stock compensation expense is primarily due to decreases at Formula 1 and Sirius XM Holdings. As of June 30, 2022, the total unrecognized compensation cost related to unvested Liberty equity awards was approximately \$44 million. Such amount will be recognized in our condensed consolidated statements of operations over a weighted average period of approximately 1.7 years. Additionally, as of June 30, 2022, the total unrecognized compensation cost related to unvested Sirius XM Holdings stock options and restricted stock units was \$418 million. The Sirius XM Holdings unrecognized compensation cost will be recognized in our condensed consolidated statements of operations over a weighted average period of approximately 2.3 years.

Adjusted OIBDA. To provide investors with additional information regarding our financial results, we also disclose Adjusted OIBDA, which is a non-GAAP financial measure. We define Adjusted OIBDA as operating income (loss) plus depreciation and amortization, stock-based compensation, separately reported litigation settlements, restructuring, acquisition and other related costs and impairment charges. Our chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate our businesses and make decisions about allocating resources among our businesses. We believe this is an important indicator of the operational strength and performance of our businesses by identifying those items that are not directly a reflection of each business' performance or indicative of ongoing business trends. In addition, this measure allows us to view operating results, perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. generally accepted accounting principles. The following table provides a reconciliation of Operating income (loss) to Adjusted OIBDA:

	Three months ended June 30,		Six months ended June 30,	
	2022	2021	2022	2021

Consolidated Adjusted OIBDA increased \$63 million and \$127 million for the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. The increase in Adjusted OIBDA for the three months ended June 30, 2022 was primarily due to increases of \$88 million and \$3 million in Formula 1 and Braves Holdings Adjusted OIBDA, respectively, partially offset by a \$20 million decrease in Sirius XM Holdings Adjusted OIBDA. The increase in Adjusted OIBDA for the six months ended June 30, 2022 was primarily due to increases of \$144 million and \$6 million in Formula 1 and Braves Holdings Adjusted OIBDA, respectively, partially offset by a decrease of \$12 million in Sirius XM Holdings Adjusted OIBDA. See "Results of Operations—Businesses" below for a more complete discussion of the results of operations of Sirius XM Holdings, Formula 1 and Braves Holdings.

Realized and unrealized gains (losses) on financial instruments, net. Realized and unrealized gains (losses) on financial instruments are comprised of changes in the fair value of the following:

	2022	2021	2022	2021
	amounts in millions			
Debt and equity securities	\$ (7)	167	(12)	216

Other	11	13	74	15
	\$ 380	155	439	106

The changes in unrealized gains (losses) on debt and equity securities are due to market factors primarily driven by changes in the fair value of the stock underlying these financial instruments.

Changes in unrealized gains (losses) on debt measured at fair value are due to market factors primarily driven by changes in the fair value of the underlying shares into which the debt is exchangeable.

Liberty issued \$1 billion of cash convertible notes and entered into a bond hedge transaction on the same amount of underlying shares in October 2013. These derivatives are marked to fair value on a recurring basis. The primary driver of the change in the fair value of bond hedges is the change in the fair value of the underlying stock.

Other unrealized gains (losses) are primarily driven by changes in the fair value of Formula 1's interest rate swaps.

Other, net. Other, net income increased \$9 million and \$39 million for the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. The increase for the three months ended June 30, 2022 was primarily driven by foreign exchange gains and gains on extinguishment of debt related to Formula One Group corporate debt. The increase for the six months ended June 30, 2022 was primarily driven by gains on the sale of three minor league teams at Braves Holdings, gains on extinguishment of debt primarily related to Liberty SiriusXM Group corporate debt and foreign exchange gains.

Income taxes. During the three and six months ended June 30, 2022, we had earnings before income taxes of \$858 million and \$1,254 million, respectively, and income tax expense of \$184 million and \$284 million, respectively. During the three and six months ended June 30, 2021, we had earnings before income taxes of \$584 million and \$439 million, respectively, and income tax expense of \$56 million and income tax benefit of \$75 million, respectively. For the three months ended June 30, 2022, the Company recognized additional tax expense primarily due to the effect of state income taxes. For the six months ended June 30, 2022, the Company recognized additional tax expense primarily due to the effect of state income taxes, partially offset by earnings in foreign jurisdictions taxed at rates lower than the 21% U.S. federal tax rate. For the three months ended June 30, 2021, the Company recognized additional tax benefits for a change in its foreign effective tax rate, partially offset by an increase in our valuation allowance. For the six months ended June 30, 2021, the Company recognized additional tax benefits for a change in its foreign effective tax rate and the settlement of a state income tax audit at Sirius XM Holdings, partially offset by an increase in our valuation allowance.

Net earnings. We had net earnings of \$674 million and \$970 million for the three and six months ended June 30, 2022, respectively, and net earnings of \$528 million and \$514 million for the three and six months ended June 30, 2021, respectively. Material Changes in Financial Condition

As of June 30, 2022, substantially all of our cash and cash equivalents were invested in U.S. Treasury securities, other government securities or government guaranteed funds, AAA rated money market funds and other highly rated financial and corporate debt instruments.

As of June 30, 2022, Liberty had \$106 million of unencumbered marketable equity securities.

Cash held by Formula 1 is accessible by Liberty, except when a restricted payment ("RP") test imposed by the first lien term loan and the revolving credit facility at Formula 1 is not met. Pursuant to the RP test, Liberty does not have access to Formula 1's cash when the leverage ratio (defined as net debt

divided by covenant earnings before interest, tax, depreciation and amortization for the trailing twelve months) exceeds a certain threshold. As of June 30, 2022, Formula 1 has not made any distributions to Liberty. If distributions are made in the future, the RP test, pro forma for such distributions, would have to be met. As of June 30, 2022, Liberty had \$875 million available under Liberty's margin loan secured by shares of Sirius XM Holdings and \$400 million available under Liberty's margin loan secured by shares of Live Nation. Liberty believes that it currently has appropriate legal structures in place to repatriate foreign cash as tax efficiently as possible and meet the business needs of the Company.

As stated in note 8 to the accompanying condensed consolidated financial statements, the Company, Sirius XM Holdings, Formula 1 and Braves Holdings are in compliance with their debt covenants as of June 30, 2022.

See "Item 3. The projected uses of Liberty's cash (excluding Sirius XM Holdings', Formula 1's and Braves Holdings' uses of cash) are primarily the investment in existing or new businesses, debt service, including further repayment of the margin loan secured by shares of Sirius XM Holdings and the potential buyback of common stock under the approved share buyback program. Liberty expects to fund its projected uses of cash with cash on hand, borrowing capacity under margin loans and outstanding or new debt instruments, or dividends or distributions from operating subsidiaries. Liberty expects to receive quarterly cash dividends from Sirius XM Holdings, which are non-taxable because Liberty and Sirius XM Holdings are members of the same consolidated federal income tax group. Liberty may be required to make net payments of income tax liabilities to settle items under discussion with tax authorities.

Sirius XM Holdings' uses of cash are expected to be capital expenditures, including the construction of replacement satellites, working capital requirements, interest payments, taxes and scheduled maturities of outstanding debt. In addition, Sirius XM Holdings' board of directors expects to declare regular quarterly dividends. Liberty expects Sirius XM Holdings to fund its projected uses of cash with cash provided by operations, cash on hand and borrowings under its existing credit facility.

Formula 1's uses of cash are expected to be debt service payments and operating expenses. Liberty expects Formula 1 to fund its projected uses of cash with cash on hand and cash provided by operations.

Braves Holdings' uses of cash are expected to be expenditures related to the mixed-use development, debt service payments and operating expenses. Liberty expects Braves Holdings to fund its projected uses of cash with cash on hand, cash provided by operations and through the borrowings under construction loans.

We believe that the available sources of liquidity are sufficient to cover our projected future uses of cash.

Formula 1. Formula 1 is a global motorsports business that holds exclusive commercial rights with respect to the World Championship, an annual, approximately nine-month long, motor race-based competition in which teams compete for the Constructors' Championship and drivers compete for the Drivers' Championship. The World Championship takes place on various circuits throughout the world. Formula 1 is responsible for the commercial exploitation and development of the World Championship as well as various aspects of its management and administration. Formula 1 derives its primary revenue from the commercial exploitation and development of the World Championship through a combination of entering into race promotion, broadcasting and advertising and sponsorship arrangements. A significant majority of the race promotion, media rights and sponsorship contracts specify payments in advance and annual increases in the fees payable over the course of the contracts. The 2021 World Championship calendar was originally scheduled to have 23 Events. However, due to the COVID-19 pandemic, during the third quarter of 2021, the 2021 World Championship was revised to 22 Events. Restrictions on fan attendance reduced as 2021 progressed, with all Events in the second half of the year operating at either full capacity or with fewer restrictions than had been applied at Events in the first half of the year. There are currently 22 Events scheduled in 2022, following the cancellation of the Russian Grand Prix. During the six months ended June 30, 2022, Events have had record attendance, with crowd and hospitality numbers well above pre-COVID-19 levels.

Selling, general and administrative expenses increased \$19 million and \$32 million during the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year primarily due to higher personnel and information technology costs as well as higher legal and other advisory fees.

Stock-based compensation expense relates to costs arising from grants of Series C Liberty Formula One common stock options and restricted stock units to members of Formula 1 management. Stock-based compensation expense decreased \$4 million and \$7 million during the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year primarily due to a decrease in the number of awards granted.

Depreciation and amortization includes depreciation of fixed assets and amortization of intangible assets. Depreciation and amortization decreased \$9 million and \$17 million during the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year primarily due to a decrease in amortization expense related to certain intangible assets acquired in the acquisition of Formula 1 by Liberty.

Braves Holdings. Braves Holdings is our wholly-owned subsidiary that indirectly owns and operates ANLBC. In addition, Braves Holdings indirectly owned and operated three Professional Development League clubs (the Gwinnett Stripers, Mississippi Braves and Rome Braves) until they were sold in January 2022. ANLBC's ballpark is located in Cobb County, a suburb of Atlanta. The facility is leased from Cobb County, Cobb-Marietta Coliseum and Exhibit Hall Authority and the area surrounding the stadium offers a range of activities and eateries for fans. Braves Holdings and its affiliates participated in the construction of the new stadium and the construction of the Development Project.

Limitations on fan attendance at Major League Baseball ("MLB") games as a result of the COVID-19 pandemic were lifted in May 2021.

In December 2021, the Collective Bargaining Agreement, which requires MLB clubs to sign players using a uniform contract, expired and MLB commenced a lockout of the Major League players. As a result of the lockout, the start of the 2022 regular season was delayed. A new five-year Collective Bargaining Agreement was signed in March 2022 and the regular season began in April. Despite the delayed start of the 2022 season, a full 162 game schedule is expected to be played.

Operating results attributable to Braves Holdings were as follows:

	Three months ended June 30,		Six months ended June 30,	
	2022	2021	2022	2021
	amounts in millions			
Baseball revenue	\$ 247	204	258	211
Development revenue	13	12	25	21
Total Braves Holdings revenue	260	216	283	232
Operating expenses (excluding stock-based compensation included below):				
Other operating expenses	(175)	(142)	(198)	(162)
Selling, general and administrative expenses	(28)	(20)	(45)	(36)
Adjusted OIBDA	57	54	40	34
Stock-based compensation	(2)	(2)	(4)	(4)
Depreciation and amortization	(18)	(20)	(36)	(35)
Operating income (loss)	\$ 37	32	—	(5)
Home Games	41	42	41	42

Revenue includes amounts generated from Braves Holdings' baseball and development operations. Baseball revenue is derived from three primary sources: ballpark operations (ticket sales, concessions, corporate sales, suites and premium seat fees), local broadcast rights and shared Major League Baseball revenue streams, including national broadcast rights and licensing. Development revenue is derived from the mixed-use facilities and primarily includes rental income. Braves Holdings revenue increased \$44 million and \$51 million during the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. Increased capacity and ticket demand at regular season and Spring Training games during the three and six months ended June 30, 2022 drove increases in ballpark operations revenue as compared to the corresponding periods in the prior year. Additional special events held during the three and six months ended June 30, 2022 also drove increases in revenue as compared to the corresponding periods in the prior year. Development revenue increased during the three and six months ended June 30, 2022, as compared to the corresponding periods in the prior year, due to a reduction in deferred payment arrangements as well as increases in rental income from various new lease commencements.

Other operating expenses primarily include costs associated with baseball and stadium operations. For the three and six months ended June 30, 2022, other operating expenses increased \$33 million and \$36 million, respectively, as compared to the corresponding periods in the prior year. The increases were primarily due to higher player salaries, more normalized levels of facility and game day expenses for regular season and Spring Training games, increased revenue sharing expenses and increases in personnel costs.

Selling, general and administrative expense includes costs of marketing, advertising, finance and related personnel costs. Selling, general and administrative expense increased \$8 million and \$9 million for the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year due to increased special event expenses, increased marketing initiatives for the 2022 season and higher personnel costs.

Stock-based compensation was flat during the three and six months ended June 30, 2022, as compared to the corresponding periods in the prior year.

Depreciation and amortization decreased \$2 million and was relatively flat during the three and six months ended June 30, 2022, respectively, as compared to the corresponding periods in the prior year. The decrease for the three months ended June 30, 2022 was due to lower amortization expense related to player contracts.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are exposed to market risk in the normal course of business due to our ongoing investing and financial activities. Market risk refers to the risk of loss arising from adverse changes in stock prices and interest rates. The risk of loss can be assessed from the perspective of adverse changes in fair values, cash flows and future earnings. We have established policies, procedures and internal processes governing our management of market risks and the use of financial instruments to manage our exposure to such risks.

We are exposed to changes in interest rates primarily as a result of our borrowing and investment activities, which include investments in fixed and floating rate debt instruments and borrowings used to maintain liquidity and to fund business operations. The nature and amount of our long-term and short-term debt are expected to vary as a result of future requirements, market conditions and other factors. We manage our exposure to interest rates by maintaining what we believe is an appropriate mix of fixed and variable rate debt. We believe this best protects us from interest rate risk. We have achieved this mix by (i) issuing fixed rate debt that we believe has a low stated interest rate and significant term to maturity, (ii) issuing variable rate debt with appropriate maturities and interest rates and (iii) entering into interest rate swap arrangements when we deem appropriate. As of June 30, 2022, our debt is comprised of the following amounts:

	Variable rate debt		Fixed rate debt	
	Principal amount	Weighted avg interest rate	Principal amount	Weighted avg interest rate
	dollar amounts in millions			
Liberty SiriusXM Group	\$ 1,885	3.4 %	\$ 11,836	3.6 %
Braves Group	\$ 167	3.8 %	\$ 435	3.8 %
Formula One Group	\$ 832	4.2 %	\$ 2,376	3.4 %

Liberty's borrowings under margin loans, Sirius XM Holdings' borrowings under its credit facility (except for the incremental term loan, as described in note 8 to the accompanying condensed consolidated financial statements, which carries a variable interest rate based on the Secured Overnight Financing Rate ("SOFR")), Formula 1's borrowings under its loan facility and Braves Holdings' borrowings under its operating credit facilities carry a variable interest rate based on LIBOR as a benchmark for establishing the rate of interest. LIBOR is the subject of national, international and other regulatory guidance and proposals for reform. In 2017, the United Kingdom's Financial Conduct Authority (the "FCA"), which regulates LIBOR, announced that it intends to phase out LIBOR. On March 5, 2021, the FCA announced that all LIBOR settings will either cease to be provided by any administrator or no longer be representative: (a) immediately after December 31, 2021, in the case of the one week and two month U.S. dollar settings; and (b) immediately after June 30, 2023, in the case of the remaining U.S. dollar settings. The United States Federal Reserve has also advised banks to cease entering into new contracts that use USD LIBOR as a reference rate. The Alternative Reference Rate Committee, a committee convened by the Federal Reserve that includes major market participants, has identified the SOFR, a new index calculated by short-term repurchase agreements, backed by Treasury securities, as its preferred alternative rate for LIBOR. At this time, it is not possible to predict how markets will respond to SOFR or other alternative reference rates as the transition away from the LIBOR benchmarks is anticipated in coming years. Accordingly, the outcome of these reforms is uncertain and any changes in the methods by which LIBOR is determined or regulatory activity related to LIBOR's phaseout could cause LIBOR to perform differently than in the past or cease to exist. The consequences of these developments cannot be entirely predicted, but could include an increase in the cost of borrowings under the aforementioned debt instruments. In preparation for the expected phase out of LIBOR, and to the extent alternate reference rates were not included in existing debt agreements, Liberty, Sirius XM Holdings and Formula 1 expect to incorporate alternative reference rates when amending these facilities, as applicable.

The Company is exposed to changes in stock prices primarily as a result of our significant holdings in publicly traded securities. We continually monitor changes in stock markets, in general, and changes in the stock prices of our holdings, specifically. We believe that changes in stock prices can be expected to vary as a result of general market conditions, technological changes, specific industry changes and other factors. We periodically use equity collars and other financial instruments to manage market risk associated with certain investment positions. These instruments are recorded at fair value based on option pricing models and other appropriate methods.

At June 30, 2022, the fair value of our marketable equity securities was \$106 million. Had the market price of such securities been 10% lower at June 30, 2022, the aggregate value of such securities would have been approximately \$11 million lower. Additionally, our stock in Live Nation (one of our equity method affiliates), a publicly traded security, is not reflected at fair value in our balance sheet. This security is also subject to market risk that is not directly reflected in our statement of operations, and had the market price of such security been 10% lower at June 30, 2022 the aggregate value of such security would have been \$575 million lower.

Item 4. Controls and Procedures

In accordance with Rules 13a-15 and 15d-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company carried out an evaluation, under the supervision and with the participation of management, including its chief executive officer and principal accounting and financial officer (the "Executives"), of the effectiveness of its disclosure controls and procedures as of the end of the period covered by this Quarterly Report. Based on that evaluation, the Executives concluded that the Company's disclosure controls and procedures were effective as of June 30, 2022 to provide reasonable assurance that information required to be disclosed in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

- (1) A tracking stock is a type of common stock that the issuing company intends to reflect or "track" the economic performance of a particular business or "group," rather than the economic performance of the company as a whole. While the Liberty SiriusXM Group, Liberty Braves Group (the "Braves Group") and Formula One Group have separate collections of businesses, assets and liabilities attributed to them, no group is a separate legal entity and therefore cannot own assets, issue securities or enter into legally binding agreements. Therefore, the Liberty SiriusXM Group, Braves Group and Formula One Group do not represent separate legal entities, but rather represent those businesses, assets and liabilities that have been attributed to each respective group. Holders of tracking stock have no direct claim to the group's stock or assets and therefore, do not own, by virtue of their ownership of a Liberty tracking stock, any equity or voting interest in a company, such as Sirius XM Holdings Inc. ("Sirius XM Holdings"), Live Nation Entertainment, Inc. ("Live Nation"), Formula 1 or Braves Holdings, LLC ("Braves Holdings"), in which Liberty holds an interest and that is attributed to a Liberty tracking stock group. Holders of tracking stock are also not represented by separate boards of directors. Instead, holders of tracking stock are stockholders of the parent corporation, with a single board of directors and subject to all of the risks and liabilities of the parent corporation.

As of June 30, 2022, the Liberty SiriusXM Group is primarily comprised of Liberty's interests in Sirius XM Holdings and Live Nation, corporate cash, Liberty's 1.375% Cash Convertible Notes due 2023 and related financial instruments, Liberty's 2.125% Exchangeable Senior Debentures due 2048, Liberty's 2.75% Exchangeable Senior Debentures due 2049, Liberty's 0.5% Exchangeable Senior Debentures due 2050 and margin loan obligations incurred by wholly-owned special purpose subsidiaries of Liberty. The Liberty SiriusXM Group holds intergroup interests in the Formula One Group and the Braves Group as of June 30, 2022. As of June 30, 2022, the Liberty SiriusXM Group has cash and cash equivalents of approximately \$494 million, which includes \$126 million of subsidiary cash.

As of June 30, 2022, the Braves Group is primarily comprised of our consolidated subsidiary, Braves Holdings, which indirectly owns the Atlanta Braves Major League Baseball Club ("ANLBC") and certain assets and liabilities associated with ANLBC's stadium and mixed use development project and cash. As of June 30, 2022, the Braves Group has cash and cash equivalents of approximately \$207 million, which includes \$117 million of subsidiary cash.

As of June 30, 2022, the Formula One Group is primarily comprised of all of the businesses, assets and liabilities of Liberty other than those specifically attributed to the Liberty SiriusXM Group or the Braves Group, including Liberty's interests in Formula 1 and Liberty Media Acquisition Corporation, cash, an intergroup interest in the Braves Group and Liberty's 1% Cash Convertible Notes due 2023. As of June 30, 2022, the Formula One Group has cash and cash equivalents of approximately \$1,944 million, which includes \$935 million of cash held by Formula 1.

The number of notional shares representing the intergroup interest in the Braves Group held by the Formula One Group is 6,792,903, representing an 11.0% intergroup interest at June 30, 2022. The number of notional shares representing the intergroup interest in the Braves Group held by the Liberty SiriusXM Group is 2,292,037, representing a 3.7% intergroup interest at June 30, 2022. The number of notional shares representing the intergroup interest in the Formula One Group held by the Liberty SiriusXM Group is 5,271,475, representing a 2.2% intergroup interest at June 30, 2022. The intergroup interests represent quasi-equity interests which are not represented by outstanding shares of common stock; rather, the Formula One Group and Liberty SiriusXM Group have attributed interests in the Braves Group, which are generally stated in terms of a number of shares of Liberty Braves common stock, and the Liberty SiriusXM Group also has an attributed interest in the Formula One Group, which is generally stated in terms of a number of shares of Liberty Formula One common stock. Each reporting period, the notional shares representing the intergroup interests are marked to fair value. The changes in fair value are recorded in the Unrealized gain (loss) on intergroup interests line item in the unaudited attributed condensed consolidated statements of operations.

The Braves Group intergroup interests attributable to the Formula One Group and the Liberty SiriusXM Group are reflected in the Investment in intergroup interests line item, and the Braves Group liabilities for the intergroup interests are reflected in the Redeemable intergroup interests line item in the unaudited attributed condensed consolidated balance sheets. Similarly, the Formula One Group intergroup interest attributable to

the Liberty SiriusXM Group is reflected in the Investment in intergroup interests line item, and the Formula One Group liability for the intergroup interest is reflected in the Redeemable intergroup interests line item in the unaudited attributed condensed consolidated balance sheets. Both accounts are presented as noncurrent, as there are currently no plans for the settlement of the intergroup interests. Appropriate eliminating entries are recorded in the Company's condensed consolidated financial statements.

As the notional shares underlying the intergroup interests are not represented by outstanding shares of common stock, such shares have not been officially designated Series A, B or C Liberty Braves common stock and Series A, B or C Liberty Formula One common stock, respectively. However, Liberty has assumed that the notional shares (if and when issued) related to the Formula One Group interest in the Braves Group would be comprised of Series C Liberty Braves common stock in order to not dilute voting percentages and the notional shares (if and when issued) related to the Liberty SiriusXM Group interest in the Braves Group would be comprised of Series A Liberty Braves common stock since Series A Liberty Braves common stock underlie the 1.375% convertible bonds. Therefore, the market prices of Series C Liberty Braves and Series A Liberty Braves common stock are used for the quarterly mark-to-market adjustment for the intergroup interests held by Formula One Group and Liberty SiriusXM Group, respectively, through the unaudited attributed condensed consolidated statements of operations. Liberty has assumed that the notional shares (if and when issued) related to the Liberty SiriusXM Group interest in the Formula One Group would be comprised of Series A Liberty Formula One common stock since Series A Formula One common stock underlie the 1.375% convertible bonds. Therefore, the market price of Series A Liberty Formula One common stock is used for the quarterly mark-to-market adjustment through the unaudited attributed condensed consolidated statements of operations.

The intergroup interests will remain outstanding until the redemption of the outstanding interests, at the discretion of the Company's Board of Directors, through transfer of securities, cash and/or other assets from the Braves Group or Formula One Group, respectively, to the respective tracking stock group.

For information relating to investments in affiliates accounted for using the equity method and debt, see notes 6 and 8, respectively, of the accompanying condensed consolidated financial statements.

- (2) Cash compensation expense for our corporate employees is allocated among the Liberty SiriusXM Group, Braves Group and the Formula One Group based on the estimated percentage of time spent providing services for each group. On an annual basis estimated time spent is determined through an interview process and a review of personnel duties unless transactions significantly change the composition of companies and investments in either respective group which would require a timelier reevaluation of estimated time spent. Other general and administrative expenses are charged directly to the groups whenever possible and are otherwise allocated based on estimated usage or some other reasonably determined methodology. Stock compensation related to each tracking stock is calculated based on actual awards outstanding.

While we believe that this allocation method is reasonable and fair to each group, we may elect to change the allocation methodology or percentages used to allocate general and administrative expenses in the future.

- (3) The intergroup balance at June 30, 2022 and December 31, 2021 is primarily a result of timing of tax benefits.
- (4) The Liberty SiriusXM common stock, Liberty Braves common stock and Liberty Formula One common stock have voting and conversion rights under our restated charter. Following is a summary of those rights. Holders of Series A common stock of each group are entitled to one vote per share, and holders of Series B common stock of each group are entitled to ten votes per share. Holders of Series C common stock of each group are entitled to 1/100th of a vote per share in certain limited cases and will otherwise not be entitled to vote. In general, holders of Series A and Series B common stock vote as a single class. In certain limited circumstances, the board may elect to seek the approval of the holders of only Series A and Series B Liberty SiriusXM common stock, only Series A and Series B Liberty Braves common stock, or only Series A and Series B Liberty Formula One common stock.

At the option of the holder, each share of Series B common stock of each group will be convertible into one share of Series A common stock of the same group. At the discretion of our board, the common stock related to one group may be converted into common stock of the same series that is related to another other group.
